A WATERBORNE SEALER THAT IS GREAT FOR NEW INSTALLATIONS

Introducing Absco Grand NXTGEN TRS Sealer, designed for use on new floors requiring waterborne seal and finish. Absco Grand NXTGEN TRS Sealer prevents damage to the wood from sidebonding and buffs out smoothly. Also great as the first coat for screen and recoats, can be used with 100% water or oil-based systems, has excellent flow without streaking or bubbling, and has a 3- hour dry time. Absco Grand NXTGEN TRS Sealer is **VOC compliant NATIONALLY!**

Please refer to the product label for specific surface preparation and application instructions.
